What is Just Connect?

We are committed to fostering connections and building your network across Northern Ireland. Women in Business facilitate 'Just Connect' networking events every month across the country. Just Connect events are the perfect way to build your network in the area that you live/work in or to expand your network to new areas.

What is a collaboration?

In these collaborations, Women in Business takes the lead in planning, coordinating, promoting and marketing the event with the generous support of our collaborators, who cover essential event costs like venue hire and catering. Together, we create meaningful experiences that inspire, connect, and empower professional women, while showcasing the values and commitment of our corporate members.
